DEGREES TO HELP YOU TACKLE YOUR NEXT CHALLENGE

## COLLEGE THAT WORKS FOR YOU

Whether you are an active-duty servicemember, recently separated from service and looking to jump-start your civilian career, or a long-time veteran making a career pivot, Kratos College can help you achieve your goals.

- Fully online degree programs
- Short 8-week semesters
- Regionally accredited
- Supportive community of servicemembers and veterans

## TRANSFER CREDIT MADE EASY

You've worked hard - you should get credit for it. At Kratos College, we value your military experience. Our trained enrollment advisors will carefully evaluate your military training, CLEP and DDST exams, and previous college coursework for transfer credit to give you a jump start on your Kratos degree.

## CREDIT FOR REAL LIFE LEARNING

We know our active duty and veteran students come to us with a wide range of valuable experiences and we will work with you to identify current or past projects you can use to earn college credit through our Real Life Learning Labs.

## LEARNING TOGETHER

With our cohort-based programs, you'll never have to go it alone. In your first 8-week semester at Kratos College, you will be placed into a Start Strong cohort, giving you built-in community and support. You'll be able to choose between synchronous and asynchronous cohort options that are designed to introduce you to our project-based approach to learning and help you explore competency-based options for earning credit for your current or past work experiences.

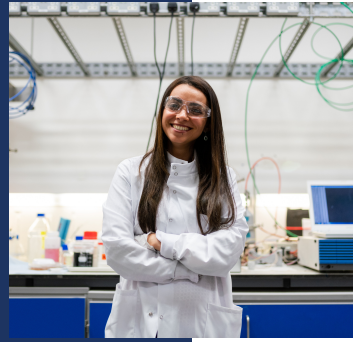

In each of your remaining semesters at Kratos College, you will enroll in a Project Lab course with other students in your major. Together you will tackle group projects from your core courses, provide feedback on individual projects, and keep each other motivated.

# GET THE SKILLS YOU NEED

At Kratos College, we offer a diverse range of degree programs designed to help you build on your military experience and prepare for in-demand jobs in the civilian workforce.

Not sure which degree is right for you? Our enrollment advisors are available to help you find the best fit for your interests, goals and experience. Attend one of our online information sessions or talk to an enrollment advisor directly over phone or chat to learn how you can make the most of a Kratos degree.

## CONNECT WITH VETERAN-FRIENDLY EMPLOYERS

We have partnered with local Fayetteville employers, federal contractors, and a wide range of nationally known companies that value the skills and experience of our veteran and served member students. As a Kratos College student, you will have opportunities to work with these employers on hands-on projects for your courses and have access to virtual and in-person career fairs, information sessions, and networking events with employers who have proven track records of supporting veteran employees.

## YOU'RE MORE THAN JUST A STUDENT

That's why we're committed to making sure you get more than just a degree. At Kratos, we understand the challenges you face, whether that's juggling school alongside work and family responsibilities, preparing for an upcoming deployment, or adjusting to civilian life after separating from the military. At Kratos College, you will be a valued member of our community and have access to a wide range of services designed to help you succeed in the classroom and beyond.

## COMMUNITY & SUPPORT

Whether you are living in Fayetteville, on base at Fort Bragg, or anywhere in the world, we have a range of resources and services to support you throughout your education.
